BULLITT

TIME STARTS NOW

BULLITT

TIME STARTS NOW

10 minutes and 53 seconds.
That's all it took for the Mustang
to drive into cinematic history
and become an icon
for generations to come.
50 years after what critics call
one of the best car chase scenes
of all time, the legend is back.
In all its glory, power and prestige,
the 50th anniversary edition
Mustang BULLITT is here.

Overseas model shown.

None Like It

As rare as it is fast, a limited number will be released in Australia. Each one is unique with an individually numbered plaque on the passenger side dashboard, with a BULLITT badge on the boot and steering wheel.

The Legend Reborn

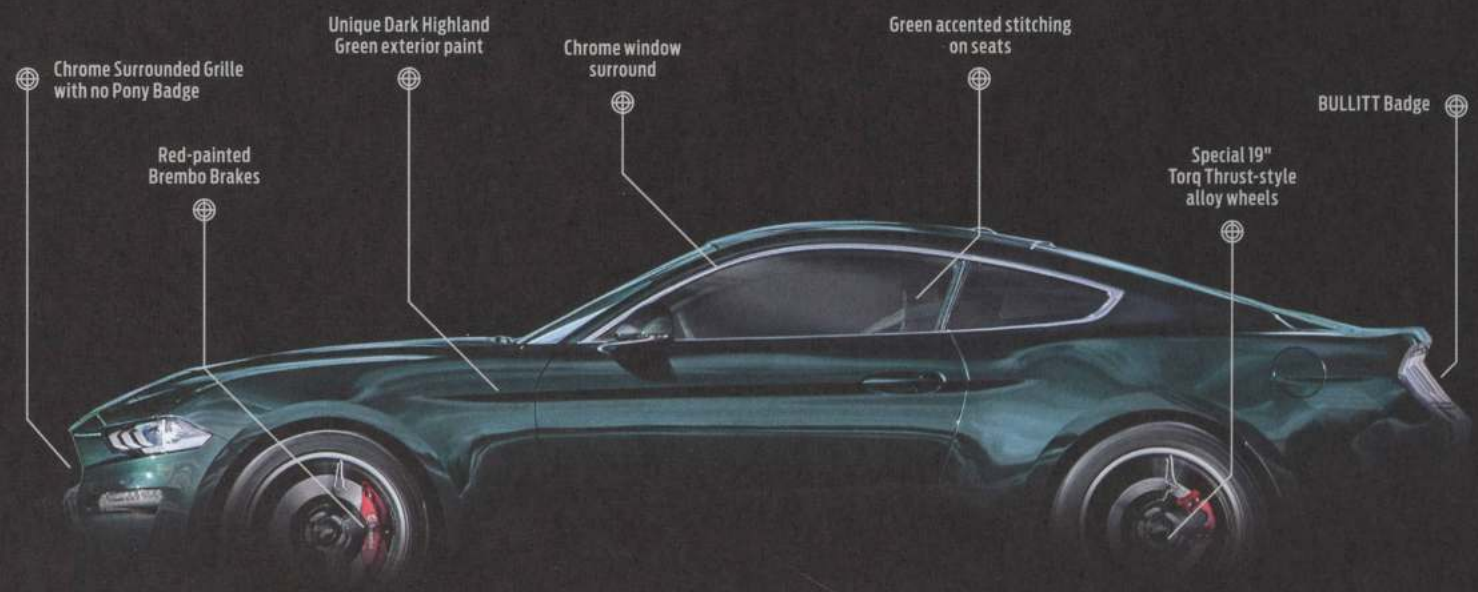
Paying homage to the original, the Mustang BULLITT comes only in manual transmission and Dark Highland Green paint. A white cue-ball gear knob, chrome surround on the black grille and windows, keeps it true to Steve McQueen's legendary Pony.

A Modern Classic

With intuitive Sat-Nav, Apple CarPlay and Android Auto[1] smartphone capability, the Mustang BULLITT combines the design elements of the original 1968 Mustang with 21st century technology.

Pure McQueen

With a powerful 5.0L V8 engine, the Mustang BULLITT hosts larger 87mm throttle bodies, with an impressive 345kW of power and 556Nm of torque[2]. Feel the power and get ready to hear that iconic spine-tingling exhaust note through a four-mode Active Valve Exhaust, emulating that famous growl that once echoed across the streets of San Francisco.



MUSTANG

1. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay / Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 2. Performance data measured using 98 RON fuel.

1. Performance Data measured using 98 RON fuel. **2.** Capless refuelling with misfuel inhibitor. **3.** Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that this fuel consumption figure will be achieved in real world driving conditions. Actual fuel consumption will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. **4.** Traffic Information is provided through an arrangement with Intelematics Australia Pty Ltd. Traffic Information is based on data provided with the permission of one or more third parties. Should Ford's arrangement with Intelematics Australia Pty Ltd. cease for any reason, the ongoing provision of traffic information cannot be guaranteed. **5.** Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay / Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. **6.** Bluetooth® is a registered trademark of Bluetooth SIG Inc. and is used under licence. Please refer to ford.com.au for mobile phone compatibility. **7.** Not all SYNC® 3 features are compatible with all phones. **8.** The Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut-off.
