

2012 **MUSTANG**

Drive one.

The New 2012 Mustang

This All-American family of 4 remains close by sharing a single passion: destroying the competition. Turning laps at Laguna Seca, holeshotting the strip a quarter mile at a time, or measuring elapsed time home from work, there's a horse for every course. This year more than ever. V6 sports 305 horsepower. GT checks in with 412.¹ And the Boss®? Well he's back and particularly angry. Throw in the GT500,® 6 speeds for everybody and best-in-class fuel economy,² and you have the finest stable of Mustangs ever. Drive one. Drive them all.

¹Figures achieved using premium unleaded fuel. ²EPA-estimated 19 city/31 hwy/23 combined mpg, Coupe automatic. Class is V6 and V8 Sports Cars vs. 2010/2011 competitors. | V6 Premium, Ingot Silver Metallic, Mustang Club of America Edition. | Boss 302, Ingot Silver Metallic, Laguna Seca Package.

A BLOODLINE WITH NO REDLINE.

**THIS BOSS
HAS A ONE TRACK MIND.**

The legendary Boss® 302 is back. And with a 444-hp, quad-exhaust Hi-Po 302 engine, it really loves its work. Literally born on the racetrack, Boss 302 Laguna Seca overflows with performance upgrades. It starts with engine modifications and goes forever. Rear seat delete with cross-car X-brace. Brake cooling ducts. Front air splitter. TORSEN® limited-slip differential with 3.73:1 gear ratio. Unique suspension, steering, tuning and calibration. 5-way adjustable shocks. 3-gauge pack to monitor fluid temps and performance stats. RECARO® seats. Staggered, painted aluminum wheels with R-compound tires. The list goes on and on, and so does the winning. Once you get it on the track, like any outstanding boss, it demands respect.

Boss 302. Black. Laguna Seca Package. Available equipment.

3.7L V6

The all-aluminum 3.7L V6 is the first engine to deliver 305 horsepower and up to 31 mpg hwy.¹ A DOHC design with Ti-VCT technology, it uses 2 camshafts per cylinder bank. Intake and exhaust cams can be advanced independently of each other, providing exceptional valve timing control. This helps eliminate induction and exhaust compromises, and allows the engine to deliver key benefits including low-end torque, peak horsepower, increased fuel economy and reduced emissions.

5.0L V8

"We have to hit 400 horses." The goal for the 5.0L development team was clear. As with the V6, Ti-VCT technology was instrumental in hitting that mark, but there's much more to it than that. Cylinder heads were optimized and a new intake manifold was designed to bring more air into the engine. A high-energy coil-on-plug ignition was selected for more efficient combustion. Piston cooling jets were designed to cool the engine back down and maintain reliability. And tubular exhaust headers were fabricated to produce more power. The result: a goal-clearing 412 hp.²

¹EPA-estimated 19 city/31 hwy/23 combined mpg, Coupe automatic. ²Figures achieved using premium unleaded fuel.

How do you produce outstanding horsepower and fuel economy in every engine across the line? Start with one passionate development team and some of the industry's most advanced powertrain technologies. Our engineers, each a Mustang enthusiast, brought different innovations to the party to produce these already-legendary powerplants.

Twin independent variable camshaft timing, cast-aluminum engine blocks, cold air induction, dual overhead cams and cylinder heads optimized for airflow are just a few of the ways we deliver more power, more low-end torque and more fuel economy. Pick your Mustang, and open up the hood, or the throttle, on an honest-to-badness technological masterpiece.

ANTHOLOGY OF TECHNOLOGY.

Boss® 302

To build an engine worthy of the Boss name, the powertrain team started with GT's 5.0L as a baseline, then got to work. Every component was analyzed, then modified to make sure the Boss 302 could withstand all-day thrashing all the way up to its 7,500 rpm redline. Improvements abound, including forged-aluminum pistons, upgraded connecting rods, revised oil pan baffling and much more. Without the benefit of a supercharger, the Boss delivers 444 hp and 380 lb.-ft. of torque, plus all the reliability of a Mustang GT.

A VISCERAL THRILL RIDE.

With a jaw-dropping 412 hp¹ and 390 lb.-ft. of torque! GT turns green lights into green flags, and rips any lane into your personal victory lane. With one stomp of your right foot, the already-legendary Ti-VCT 5.0L V8 responds immediately, delivering usable power throughout the torque curve. An upgraded suspension, larger stabilizer bars and electronic power-assisted steering help you make the most of GT's power, both literally and laterally. Other highlights include an optimized 6-speed transmission and class-best 26 mpg hwy.² The available Brembo™ Brake Package delivers 14" front rotors, unique 19" wheels and electronic stability control tuning.

GT Premium. Red Candy Metallic Tinted Clearcoat. Available equipment.

¹Figures achieved using premium unleaded fuel. ²EPA-estimated 17 city/26 hwy/20 combined mpg, V8 manual.

GRAB THE ROAD. RELEASE THE HORSES.

It's one thing to generate serious horsepower and torque; it's quite another getting it all to the ground. Every 2012 Mustang does. And that's just the beginning. Not only do they go hard, they turn and stop exceptionally. From the Boss® 302 all the way across the line, every model has been independently tuned, so you'll be sure to find your ideal Mustang. From comfortable and fuel-efficient, up to corner-carving and race-winning.

Go.

To turn horsepower into forward motion, every Mustang comes equipped with AdvanceTrac® electronic stability control! AdvanceTrac monitors vehicle speed, throttle position and steering wheel angle and, if necessary in slippery conditions, reduces engine torque and applies the brakes as needed. Select the Sport setting to push your Mustang to its limits while still retaining control. You can also turn AdvanceTrac off completely.

Turn.

To properly dial in every Mustang, suspension testing and tuning was performed at racetracks around the country during model development. On average, up to 7 separate test drivers were utilized at each track to provide feedback and expertise. Suspension components were selected specifically for each model. So no matter which Mustang you choose, you'll find the right balance of handling, steering and cornering ability.

Stop.

To improve Mustang braking performance, V6 and GT are equipped with unique brakes and rotors, while the available Brembo™ Brake Package includes 14" Brembo vented front rotors with Brembo 4-piston calipers. Boss 302 with available Laguna Seca Package gets front brake cooling ducts and low-expansion brake lines. Even when stopping, Mustang does it quickly.

305 HORSES. 31 MPG HWY. ONE TRUE MUSTANG.

Armed with 305 horses, available V6 Performance Package and track-ready DNA, Mustang V6 is truly worthy of the Mustang name. With a class-leading 31 mpg hwy,¹ it's ready for anything – be it a sprint or a marathon. Fire up the all-aluminum, dual-overhead-cam 3.7L engine with Ti-VCT, and one thing that's sure to race is your heart rate. Twin independent variable camshaft timing means maximum acceleration through all 6 gears and the X-pipe dual exhaust strikes just the right tone. In every way, the most powerful Mustang V6 ever produced is one true Mustang.

V6 Premium. Ingot Silver Metallic. Mustang Club of America Edition.

¹EPA-estimated 19 city/31 hwy/23 combined mpg, Coupe automatic.

HIGH TECH. HIGH STYLE.

Inside Mustang Premium's interior, high-tech features abound, including programmable MyKey,[®] Ford SYNC,[®] and MyColor[®] with 125 combinations of driver-variable hues for gauges. High style is obvious from the moment you slide into the premium leather-trimmed front bucket seats. From the seamless, soft-touch instrument panel to the available aluminum accents and impressive center stack, Mustang's interior resembles the cockpit of a private jet. Now prepare for takeoff.

GT Premium. Charcoal Black leather trim. Available equipment.

550 HP. NO ANTIDOTE.

With a supercharged and intercooled 5.4L 32-valve V8 engine, this snake does its own charming. Unless, of course, you're lined up against it on the track. The most powerful and responsive GT500® ever features a cast-aluminum engine block and produces 550 horsepower and 510 lb.-ft. of torque. The available SVT Performance Package delivers a 3.73:1 gear ratio with limited-slip differential; exclusive front and rear springs, rear shocks and shift knob; Shelby stripes; spoiler with unique Gurney flap; and much more. In every way, the Shelby GT500™ is a performance icon worthy of the Carroll Shelby name.

Shelby GT500. Black.

YOUR RACE CONTROL TOWER.

On the track, races are won with quality information and clear communication. They have nothing on you and your Mustang. With Ford SYNC,^{®1} voice-activated Navigation System with Sirius Traffic[™] and Sirius Travel Link^{™1} and Sirius[®] Satellite Radio¹ on board, you have everything you need for a successful trip.

Award-winning SYNC^{1,2} works with your paired Bluetooth[®]-enabled mobile phone and digital media player or USB drive. Delivers hands-free calling. Plays your music. All with the touch of a button and voice commands.³ The system also features 911 Assist.[™] Personalized traffic reports.³ Turn-by-turn driving directions.³ Business searches. News. Sports. Weather.³ Vehicle Health Reports. And even incoming text messages read aloud.

Voice-activated Navigation System¹ with Sirius Traffic and Sirius Travel Link^{1,4}
The 8" LCD touch screen displays real-time traffic reports. Weather. Lowest fuel prices. Sports scores. And movie listings. Bonus: This system also has nearly 10 GB of storage space for your photos and music (up to 2,400 songs).

Sirius Satellite Radio¹ comes with a 6-month introductory subscription.⁵ Surf more than 130 channels – including 100% commercial-free music. Plus the best of sports, news, talk and entertainment, coast-to-coast.

GT Premium. Available equipment.

¹Available. ²Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. ³These SYNC services not available with optional Navigation System. Traffic reports available in select markets. See your dealer for details. ⁴Turn-by-turn directions and traffic alerts available in select markets. Standard text messaging and data rates apply. ⁵Subscription required after introductory 6 months expire.

EVEN RACE THE CLOUDS.

Get a little sun on the interior and you start to feel like you can take on anything. With Mustang convertible, maximum performance merges with maximum open-air freedom. Drop the top on a whole new world where the rush is exceedingly more spectacular. Or go with the glass roof for all-season views – rain or shine. Either way, the race-ready feeling will never leave you.

THE THRILLS KEEP COMING.

From standard features like sequential LED taillamps, MyKey® and Easy Fuel® capless fuel filler to available features including Reverse Sensing System, voice-activated Navigation System and rear view camera, it's safe to say you'll easily win the features race. With so many possibilities, you can make your Mustang as infinitely unique as a snowflake. A fast, angry snowflake.

THRILL OF VICTORY? STANDARD.

Every Mustang comes equipped with race-winning DNA as standard equipment. Born to race and raised to win, Mustang has been defeating domestics and exotics for 45 years and counting. Continually.

To get more speed, more handling and ultimately, more checkered flags, turn to Ford Racing for performance parts. From performance powertrain calibrations, complete supercharger systems and handling packs to complete turn-key race cars like the Super Cobra Jet, we have everything you need to keep your Mustang out front.

MUSTANG Optional Features

V6

Available Equipment Groups

Equipment Group 101A – **Exterior Appearance Package**
Includes lower bodyside tape stripes and rear spoiler

Available Options & Packages

3.3:1 gear ratio with limited-slip rear differential (coupe only)

6-speed automatic transmission

Reverse Sensing System & Security Package includes Reverse Sensing System, Active Anti-Theft System and wheel locks

V6 Performance Package includes GT Coupe suspension, 3.3:1 gear ratio with limited-slip rear differential, unique electronic stability control tuning, strut-tower brace, unique engine cover, gloss black sideview mirrors, 19" painted machined aluminum wheels and 255/40R19 summer-only tires (manual coupe only; n/a with white stripes or Lava Red exterior)

All-weather floor mats

Hood and side stripes

Over-the-top stripe

Remote start systems (automatic only)

V6 Premium

Available Equipment Groups

Equipment Group 201A – **Exterior Appearance Package**
Includes lower bodyside tape stripes and rear spoiler

Equipment Group 202A – **V6 Pony Package** includes 18" polished aluminum wheels, satin-chrome grille, body-color sideview mirrors, fog lamps, automatic headlamps, carpeted front floor mats with embroidered Pony logo, lower bodyside tape stripes, and rear spoiler

Equipment Group 203A – **Mustang Club of America Edition** includes dark stainless-painted billet-style grille, lower fascia-mounted fog lamps, unique bodyside satin-black tape stripes, decklid tape appliqué, 18" Sterling Gray Metallic-painted aluminum wheels with P235/50R18 W-rated tires, premium carpeted floor mats, automatic headlamps, and rear spoiler

Available Options & Packages

3.3:1 gear ratio with limited-slip rear differential (coupe only)

6-speed automatic transmission

Comfort Package includes 6-way power front-passenger seat, and heated front seats

Electronics Package includes dual-zone electronic automatic temperature control; HD Radio™; hard drive-based, voice-activated Navigation System featuring about 10 gigabytes of digital storage for pictures and music; and AM/FM stereo/single-CD/DVD with MP3 capability

Glass roof (coupe only)

HID Headlamps & Security Package includes HID headlamps, Active Anti-Theft System and wheel locks (n/a with Equipment Group 200A or 201A)

Rear view camera (n/a with Equipment Group 200A)

Reverse Sensing System & Security Package

Soft boot for convertible top

Tape stripe delete (n/a with Equipment Group 200A)

V6 Performance Package includes GT Coupe suspension, unique electronic stability control tuning, strut-tower brace, unique engine cover, gloss black sideview mirrors, 19" painted machined aluminum wheels and 255/40R19 summer-only tires (manual coupe only; n/a with white stripes or Equipment Group 202A)

V6 Coupe Package includes side scoops, quarter window louvers and decklid panel

V6 Convertible Package includes side scoops and quarter window louvers

All-weather floor mats

Hood and side stripes

Over-the-top stripe

Remote start systems (automatic only)

GT

Available Options & Packages

3.55:1 gear ratio with limited-slip rear differential (manual coupe only)

3.73:1 gear ratio with limited-slip rear differential (manual coupe only)

2012 MUSTANG
Drive one.

We'll be standing by.

You, your family, your neighbors,
your local Ford Dealer. We're all part
of a broad community, connected
by a far-reaching support structure
that benefits us all. As a proud
member of this network, your
local Ford Dealer looks forward
to assisting you — now, and in
the future. Whether you're
seeking a new or used vehicle,
Ford Custom Accessories,
or convenient maintenance and
service, we're here for you.
And we'll be by your side.

Today.

QUALITY, GREEN, SAFE AND SMART.

ford.com

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. □ **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages. □ **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com. □ **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships. □ **Insurance Services.** Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. □ Comparisons based on 2010/2011 competitive models (class is V6 and V8 Sports Cars), publicly available information and Ford certification data at time of printing. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of the catalog, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford Dealer is the best source for up-to-date information. Ford Division reserves the right to change product specifications at any time without incurring obligations. □ **Genuine Ford Accessories** will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. Ford Licensed Accessories are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for warranty details.
